

Intervention and management of absences and disabilities

Keeping your people healthy and working!

Looking for support, peace of mind and solutions to simplify your day-to-day work, while improving your efficiency and management costs?

Our customers all have a common need

Improving the health and well-being of their employees to conserve resources and maintain their operations.

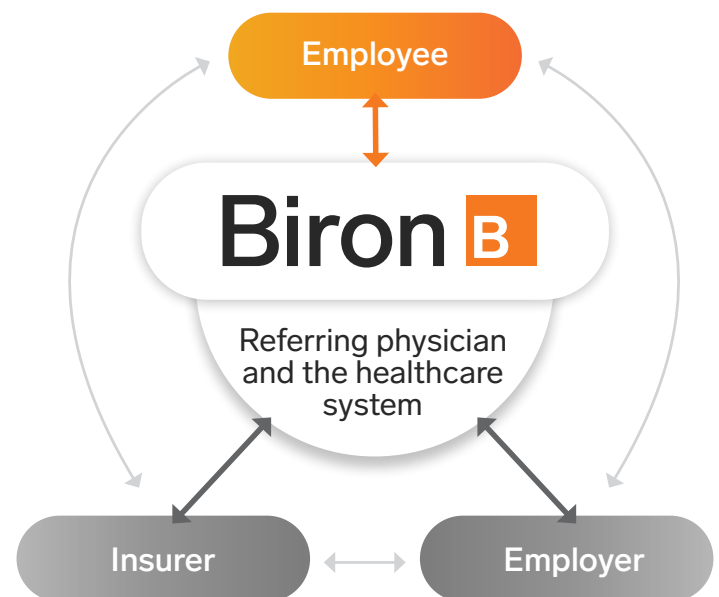

The Biron difference

At Biron, we act as a neutral partner to maximize your employees' adherence to optimal treatment plans, thus promoting a quick and healthy return to work!

Key success factors

1. A clear, continuous operating process
2. Transparent, informative communication right from the start of the absence
3. Efficient, structured tools to accelerate care

We allow our customers to reduce the average length of their short-term absence by almost **40 %**

Our services

Management of occasional and recurring absences

Prompt care for employees who need it in the early days of illness, before disability occurs

Evaluation
