

Biron Health at Work Mobile health services

When health
comes to you,
in your workplace!

An on-site nursing service that can be tailored to your needs: an open door to a wide range of healthcare interventions and services available in your workplace.

Our health professionals come to your workplace on a regular basis or on request to offer a wide range of services and meet your company's specific needs.

Supporting your employees' health can deliver a 2-3 x return on investment, while encouraging staff retention and productivity.
